

Prayer to the Infant Jesus of Good Health.

Little Infant of Jesus of good Health, God of Love, born to suffer for me! In You above all do I find the courage and strength I need in the trials and troubles that weight so heavily upon me.

By the Sorrows of Your Most Holy Mother, I implore You to lighten the burdens of my soul with Your holy consolations and to relieve my bodily infirmities with Your Merciful Kindness, if it so pleases the will of our Father in Heaven.

Amen.
