

How can playing with Legos serve God? I find it amazing when a person can take a talent that seemingly has nothing to do with God and find a way to use it to bring Him glory. Knowing the amount of time that it takes to create each of these scenes makes it even more inspiring that people took the time to create these videos. “

“So whether you eat or drink or whatever you do, do it all for the glory of God.” 1 Corinthians 10:31

These videos can be very useful in ministry to children and youth. Anything that has to do with Lego seems to draw an immediate interest from kids (and even a lot of adults!). Many of these stories we have all heard before, but told in a new way will help us to think about the story differently. Use our discussion questions below to help facilitate a conversation.
