

There is an insurance for the car, house and for health. Insurances may bring us security, although they cannot prevent dangers. For example, an insurance policy is not able to stop a car that is speeding against us.

There are other assurances: those you find when you trust God you recognize that he is a good, providing Father, close to any human situation.

"I take my eyes to the mountains: where will my help come from? Help comes to me from Yahweh, who made Heaven and Earth. Don't let Him waver your foot! Your keeper doesn't sleep! No, the guardian of Israel does not sleep" (Psalm 121:1 4).

That is why Jesus Christ invited us to trust those who hold the life of all their creatures in their hands.

Putting our safety in God's hands does not mean setting aside one's own responsibilities, we must fulfill our own duties and make serious efforts to build a better world.

But we know that the results are in God's hands. One day we will understand why he agreed to this desire of ours and why he rejected another.

We recall the teaching of the Bible: "We do not have a permanent city here, but we are looking for the one of the future. Let us offer without ceasing, through him, to God a sacrifice of praise, that is, the fruit of the lips that celebrate his name. Do not forget to do good and help each other; these are the sacrifices that please God" (Heb 13:14 16).
